Taking A Look Back

Saying Farewell To The Hoopers

By Dionne F. Richmond

The Hoopers give each other knowing glances and laugh trying to remember the names of the three sheep they raised in their backyard while living in Oxford, England over a decade ago. Together, the two of them come up with "Fatty," Greedy," and "Naughty" and look adoringly at a unique three dimensional picture hanging on their wall of their home in England about a half mile from where Morton Hooper (affectionately called "Hoops") used to teach private boys' school. The house is enchanting, surrounded by lovely gardens and a large yard where three sheep, lambs and their cat Tiger kept them company.

Last Sunday the couple was busy planning to return to England and were in the midst of packing their belongings in their Front Street home, coming back from Sunday church services and celebrating Mr. Hooper's birthday. They took time out from their busy day to sit down, offer a cup of tea or coffee and talk about their time spent in England and Marion. Sitting at their kitchen table they had already begun jotting down notes for their upcoming interview.

The two met 44 years ago, when Mr. Hooper began his teaching career at Governor Dummer Academy, a private boys' school. One day he knocked on the Headmaster's door and the Headmaster's daughter Betty answered. It marked the beginning of their lives together.

They reminisced about living in England and talked about how they ended up state side -- in Marion. What started out as a one-year fling, turned out to be a 10-year long stay in town. Mr. Hooper taught English at a private boys school for 30 years until he and his wife traveled to Marion in 1984 as part of an exchange with another teacher at Tabor Academy.

Before returning to England when the school year was finished, he was offered an open invitation to come teach at the school. He returned to England and taught until 1986 when he retired. The couple eventually decided to return to Marion. Mr. Hooper decided to take the job at Tabor although he had a long wait to officially hear what position he had accepted. "He realized he wasn't ready to retire," said Mrs. Hooper. In England, they must retire no later than 60. So both of them retired from their jobs in England and ventured into a whole new world.

Mrs. Hooper also taught in both countries. After her children grew up, she became an expert dyslexia teacher in England and taught at a private school for 8 years where she was highly respected. Mr. Hooper attested to the many phone calls they received from parents concerned about their children. "She arranged for people to get help as well as doing the teaching herself," explained Mr. Hooper.

When she moved to Marion, she tutored students at Tabor, where her husband taught. "That kept us quite busy," they couple agreed.

Teaching in America had its advantages. "We enjoy the American education world, we enjoyed Tabor's techniques,"said Mrs. Hooper. She and her husband agreed education in America is different from England. "It was a very open and friendly place," said Mrs. Hooper.

Mr. Hooper also coached crew, tennis, women's golf, and squash while he was a teacher at Tabor Academy. One of their attractions to Marion was the beautiful seaside atmosphere. Mrs. Hooper recalled getting up at 5:30 am to be on the lookout for the Harbormaster, George Jennings, while her husband was busy coaching crew members to go

faster than the speed limit during practice. Betty explained that the Harbormaster enforced slowing down in the channels because of the hundreds of yachts there. "He knew we were looking for him," she said smiling. The Hoopers said they are particularly fond of Mr. Jennings. They also enjoyed bicycling everywhere and the summers here. "It was wonderful, some people are very friendly," said Betty.

During their stay in Marion, the Hoopers became not only involved in teaching, they dedicated many hours to the churches they belonged to -- Mr. Hooper at St. Gabriel's and Mrs. Hooper at the Buzzards Bay Christian Science Society. When he retired from 40 years of teaching in 1992 at the age of 65, he went on the vestry at St. Gabriel's Church and within three months he was the senior warden for two and a half years. After Rev. Ernest Cockrell moved to California, it was Mr. Hooper who was a constant at the church. When Rev. Cockrell's replacement passed away, Mr. Hooper eased the new Rev. Woodroofe (Woody) into his position. He became the head of vestry, the governing body of the church. Mrs. Hooper was a reader at her church for three years. "It's a big job, like being the minister," explained Mr. Hooper.

Becoming involved in their churches helped offer a bridge into their retirement, Mrs. Hooper said. "When 65 came along, we were ready to leave teaching. We had pangs of regret," she said. They had become accustomed to living, eating and socializing there. But it didn't take them long to get active in the community. "We were too busy to realize we weren't busy," she said.

In 1992, Mrs. Hooper stopped tutoring at Tabor and began her involvement with the Sippican Historical Society. Judith Rosbee asked her to get together a few people and open the museum for tours. 90-year old Mr. Tripp held the museum

together at that time. "He was the museum curator and preserver of the museum as it was," she said. At that time the museum was only open on Saturdays in July and August from 10:00 am to noon. Mrs. Hooper said the job started with cleaning, training docents, historical searches, publicity and planning trips. "She also brought in cable television to record Mr. Tripp," explained Mr. Hooper. Over four years more than 50 docents volunteered their time.

But now, it is time for the Hoopers to return to their first home. "We were absolutely wretched between staying and going," said Mr. Hooper. But they bought an apartment in the middle of Oxford, a university town about 200 yards from the River Thames. It is surrounded by parks and colleges. "It's quite beautiful in old fashioned medieval England. It's pretty open," said Mrs. Hooper. It's only about 25 miles away from their first home. The Hoopers will also be reunited with family and travel to Australia during the winter months to visit their sons Edward and Bruce who are geologists. They both married Australians. "We've got lots of friends in Australia," they said. Not to mention friends in England. They will surely be missed by many of those whose lives they touched and will not be soon forgotten.

his time to the town in light of his retirement. Chairman DeCosta said he would be able to find a volunteer position for Mr. Parker.

•Notification was also received from the DMF asking that the town delay the opening of Nasketucket Bay to scallop harvesting until November 1st. The Board unanimously approved this request.

•The board also received a letter from town resident Tim Smith, requesting information from the town regarding an accident he had on Water Street on January 14th caused by a pot hole. He requested copies of maintenance logs, work orders, time sheets, or other relative documents to the construction and or repair of the area on Water Street adjacent to the Mattapoisett Bathing beach shelter.

•Hannah Kootz also submitted a copy of a letter she received from Peg Blackburn coordinator of campaigns and events for Save the Children which thanked her for her efforts for the children in their programs. "On behalf of those children, please accept my profound thanks for your efforts. We're so very proud of you. I've circulated the wonderful newspaper clippings and we may use them to help other young people know that as individuals or groups, we all can reach out to children and families in need in many different and creative ways." They thanked her for donating the $112.60 she collected while playing her violin in the park for community member.

At 7:30 pm the Board met with the Mattapoisett School Committee to discuss an appointment to fill a vacancy created by the resignation of Lisa Durr. After reviewing the applications submitted from three candidates, School Committee Chairman Andrew Lynch said Debbie DeWalt stood out as someone who is capable and hard working.

He said she has demonstrated her commitment to the town while working on the Building Needs Committee for Old Hammondtown School and serving as president of the Mattapoisett PTA. Chairman DeCosta said he has also worked with Ms. DeWalt and could attest to her devotion to the school and town. "I would recommend her as the new school committee

At 7:45 the Board met with Board of Health Agent Dale Barrows to discuss an offer from the DEP to loan money to fix up septic systems with 0 percent interest. He said he hasn't received all of the details informing him the time table of when the money had to be paid back.

He said he didn't want the town to find themselves in a position where they had to float a bond to pay back the state. For now, the DEP has asked for an expression of interest to hold a space open for the town. Mr. Barrows explained there were two options -- to borrow $100,000 or $200,000. He said borrowing $200,000 would require a lot more work including a town

wide survey and to decide the priority problem areas in town. With option II, he said the town could proceed cautiously without taking on more work than can be handled. This option would give priority to families who could not afford to upgrade their septic systems. "We should start with a smaller program, see how it works," he said.

Members of the Antassawamock Septic Committee were also present and did not agree with Mr. Barrows opinion that Option II was better. They said Option I would allow the town to look at environmentally sensitive areas first.

David Keniry, Chairman of the Antassawamock Septic Committee, sent a letter to the board urging the Board and the Board of Health file a timely Expression of Interest with the DEP to ensure that homeowners in the Town of Mattapoisett are eligible to participate in Option I on the Comprehensive Community Septic Management Program.

"Under Option I of the DEP program, municipalities are eligible to receive a $20,000 grant to develop a Comprehensive Community Septic Management Program that would assist homeowners in complying with the requirements of Title V. This program would identify and prioritize environmentally sensitive areas and would provide $200,000 or more in homeowner loans to upgrade the septic systems in these sensitive areas. The loan feature of Option I would be administered pursuant to a local betterment program."

The letter also stated that Option I would provide for the development of a town-wide septic management program at little or no cost to a municipality.

"Mattapoisett has numerous seaside communities such as Antassawamock, Point Connett, Crescent Beach and others. These areas, which in the aggregate may have well in excess of 500 homes, impact directly

Mr. Barrows explained all the town needed to hold a spot was Chairman DeCosta's signature to an expression of interest with the DEP under Option II. Selectman Bernier said she needed to study the situation more thoroughly before deciding which option was better. After listening to both sides, Chairman DeCosta signed the paperwork Mr. Barrows requested him to. If the time table to pay back the loan is not acceptable, the town is not locked into borrowing the money. Selectman Lambalot agreed that Option II would allow the town to have better control while not leaving out environmentally sensitive areas.

There being no further business for the board to discuss, the Selectmen unanimously voted to adjourn at 8:30 pm.

Marion Selectmen's Meeting

September 24, 1996

By Kenneth J. Souza

A regular meeting of the Marion Board of Selectmen was called to order on Tuesday, September 24 at 7:00 pm by Chairman Jonathan "Jody" Dickerson. Also present were Selectman Loretta B. Schaefer, Selectman Albert E. Winters, Executive Secretary Ray Pickles, and Secretary Helene Craver.

After unanimously approving the minutes of the September 17 meeting and signing treasury warrants #12A, #13 and #18, the boar d unanimously approved an Alcoholic Beverage License for the Friends of the Music Hall for a Halloween Dance to be held on Saturday, October 26 at the Music Hall.

Chairman Dickerson noted the board had received a list of town surplus items which will be made available at the Annual Yard Sale on Saturday, October 5. The board unanimously approved to declare all the items as surplus, including a 1987 Ford Crown Victoria vehicle from the Police Department and one 1973 International Rubbish Truck from the DPW — both of which will have to go out to bid.

The board next received a request from DPW Superintendent Rob Zora to post "No Parking" signs between #6 and #10 Main Str eet so that the department's new Rubbish Truck can navigate around the corner. Mr. Pickles said Mr. Zora couldn't find another feasible route, and they suggested posting the area a "Tow Away Zone" for Monday and Tuesday between the hours of 7:00 am and 10:00 am.

"I think we need to seriously address this," Selectman Winters said. "It's not just a matter of anyone parking there and getting a ticket ... if someone parks there, the truck won't be able to get in." With that, the board unanimously approved posting the "Tow Away" zone signs as per Mr. Zora's request.

Under incoming correspondence for the week, the board received a seasonal review update from Harbormaster George Jennings. Mr. Jennings noted that the 1996 season was very safe for boaters in Sippican Harbor, and only one minor accident occurred during the BYC Junior Regatta. The town

had conducted over 500 pump-outs to date, according to Mr. Jennings, which puts them ahead of last year's total. They plan to purchase a second boat pump-out unit this winter with funds from a grant funded by the "Clean Vessel Act."

Despite four "hurricane scares," Mr. Jennings noted that the town escaped serious damage — even during Hurricane Edouard which boasted 72 mile-per-hour winds. All departmental equipment is in good shape, and Mr. Jennings feels only normal maintenance will be required to prepare everything for next summer.

Lastly, Mr. Jennings noted the following projects which his department will pursue in the future: replace patrol boat motors, work on Old Landing launch ramp, replace pilings at Old Landing, work on a marine waste dump-out system, construct a storage building/work area, a Mooring Use Project, a Harbor Gridding Project, update the Harbor Regulations, develop and purchase a new pump-out boat, and replace concrete deck at Island Wharf Pavilion.

Selectman Schaefer focused on Mr. Jennings' note regarding a place for storage and/or to work on equipment during the winter months. "Maybe there might be space at the Town Barn which they could use," she suggested. The board agreed to look into this possibility, even if only temporarily for this year. The board also wished to commend Mr. Jennings and his department for their superb work throughout the year.

The board also received notice from the Cable Television Commission, advising that a Public Hearing will be held on Friday, October 11 at 10:00 am in the Commission's Hearing Room, 133 Portland Street, Third Floor, in Boston. The Public Hearing will deal with the basic tier rates of Continental Cablevision which was submitted as part of the company's contract filings on November 29, 1995 and September 3, 1996. At 7:10 pm the board continued their annual updates with all the department heads by meeting with Dale Jones, Emergency Medical Service (EMS) Director, to discuss his department's progress throughout the year.

Mr. Jones noted that the EMS department is "going well," and their runs seem to average about one a day — totalling about 389 runs a year. Mr. Jones also noted they currently have five people in training, all of which are qualified and all of which are learning to drive the ambulance. With 22 people currently with the Marion EMS, Mr. Jones said he would like to keep things "stable" right now, but if someone moves to Marion and is a certified EMT, he would certainly be interested in them. Three of his EMS members are certified as paramedics, and two of the newer EMS additions are available during the day, which increases their response time.

The only concern Mr. Jones had was the possibility of having to

replace the backup ambulance within the next two or three years. "The backup ambulance has required some maintenance," he said. "But we've been able to manage with it so far." He also told the board they might be looking toward purchasing a commercial washer/drier unit to wash soiled and/or infected clothing and blankets. "Right now, we circulate our blankets and clothing through Tobey (Hospital)," Mr. Jones said. "We might be looking to phase in (a washer/drier) over the next several years."

Chairman Dickerson noted that the Marion/Mattapoisett/Rochester Housing Co-Op is looking for a representative from Marion to serve on their board. Any interested Marion residents should contact the Board of Selectmen, c/o Marion Town House, 2 Spring Street, Marion, MA 02738.

At 7:20 pm the board next met with Conservation Commission (ConCom) Chairman Frank Germano and ConCom member Hod Kenney to discuss the commission's yearly progress. Mr. Germano began by saying how much their board liked working with only five members as opposed to their former seven-member structure. "We seem to be getting more accomplished," he said. "I think the old saying that 'too many cooks spoil the meal' holds true."

One concern that both Mr. Germano and Mr. Kenney had was the fact that Mr. Germano often has to abstain from voting when an issue conflicts with his state job, and with only five members, they often have trouble reaching a quorum or getting a majority vote. "We've been toying with the idea of allowing our alternate members to vote," Mr. Germano said.

But Selectman Schaefer said they should look into that in terms of legality, as the Board of Selectmen does not appoint alternates to the ConCom. Mr. Pickles agreed, saying: "There are certain duties which the Selectmen cannot give away under state statute ... one of those duties is their (annual) appointments."

Mr. Pickles suggested that another option might be for the board to give an alternate member voting powers during a certain time of year when ConCom members are unavailable, much like what is done with the Carver Landfill Commission.

At 7:45 pm the board met with School Committee members and

three candidates looking to fill a vacancy on the Marion School Committee through the next annual election in April, 1997. The following three candidates were briefly interviewed by the board and discussed their qualifications for the Marion School Committee:

• George Askew — A native of Cleveland who has been involved with Marion for the last 13 years, Mr. Askew is an undergraduate of Harvard University, works as a pediatrician, and also serves a research faculty member with the Boston University School of Medicine. He felt that being a member of the School Committee would be "a good way to get involved with the community," and agreed that the most important issue facing Marion right now is the "growing pains" which will place an additional burden on the school.

• Albert Cordeiro — Mr. Cordeiro moved to Marion 6 years ago and works as an accountant in New Bedford. He ran for School Committee last spring, but lost. Mr. Cordeiro feels his financial experience will help the School Committee in preparing their annual budget. He also suggested that students not be allowed to register for Kindergarten until they have reached the age of five by September 1, as opposed to the current limit of December 1.

• Lora Sharpe — A Marion resident who has worked for Sippican School on a volunteer basis for many years, Ms. Sharpe had two children go through the Marion school — one who just entered ORR Junior High School, and one who is in Grade 5. She works with the UMass Dartmouth News Department and has a Master's degree in journalism from Boston University. She also feels that Sippican School has reached it capacity and said: "I think we need to start looking at options for expansion."

The board agreed to meet with the Marion School Committee members on October 1 to select one of the three applicants to fill the position.

Resident Tyler Blethen informed the board that a notice recently appeared in the September 17 issue of *The Boston Globe*, advising that revisions from New England Telephone and Telegraph (NYNEX) were filed with the state Department of Public Utilities (DPU) and will become effective on October 15, 1996. One of these provisions will introduce an unlimited calling plan for customers in the "508" and "617" area codes — a service which Marion residents have been requesting for some time.

Mr. Blethen asked the board if they would write to the DPU and stress how important this would be for Marion residents. Currently, Marion has a limited local calling area — unlike Rochester residents who can call virtually every community in southeastern Massachusetts without being charged long distance rates.

Under the proposed "Eastern Mass Plan," Marion customers would be able to call all surrounding communities — including Mattapoisett, Rochester, Wareham, New Bedford, Taunton, Middleboro, Carver, Acushnet, Fairhaven, and Fall River — for a flat monthly rate of $45.90. Mr. Blethen noted that his last monthly bill for calling the same exchanges was $95.80.

The board supported Mr. Blethen's recommendation, and agreed to write to the DPU supporting this plan. Selectman Schaefer also urged residents to write to the DPU before the September 30 deadline. Residents can send letters of support for the proposed unlimited calling plan from NYNEX to: Mary L. Cottrell, Secretary; re: DPU 96-68; Department of Public Utilities; Leverett Saltonstall Building; 100 Cambridge Street; Room 1210; Boston, Massachusetts 02202. For further information, you can contact the DPU at 1-800-555-5000.

The board then unanimously voted to enter into Executive Session to discuss collective bargaining agreements and would adjourn for the evening thereafter.

Rochester Selectmen's Meeting

September 23, 1996

By Jennifer J. Ouellette

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, September 23 at 7:00 pm by Chairman Lorraine Roy Hawkes. Also present were Selectman Richard D. Cutler, Selectman William Chamberlain, and Secretary Veronica Lafreniere.

The first appointment was scheduled for 7:00 pm with Caroline Reed from the Cranberry Country Chamber of Commerce. Ms. Reed had previously contacted the Board of Selectmen to ask if the board agenda and minutes could be faxed to the Chamber of Commerce office. The office represents nine communities and Ms. Reed has been attending different Selectmen's meetings in order "to make a presence" known.

Ms. Reed feels that by having the agenda and minutes she will be able to "speak for the business people here in Rochester." Ms. Reed's goal is to "open the lines of communication." The Chamber of Commerce's office is responsible for directing tourists and residents to local businesses, tourist attractions, and special events.

Selectman Cutler was concerned that the services of the office were unnecessary for Rochester because the town does not have a large industrial park for tourist attractions. However, although the board does not have any events to promote now, it may in the future. After several minutes of

discussion, the board unanimously agreed to fax the agenda to the Cranberry Country Chamber of Commerce office and any questions which the chamber might have can be directed to Secretary Veronica Lafreniere.

At 7:15 pm the board met with James Egan, Principal of Old Rochester Regional (ORR) High School. The principal brought with him two students who were representing the school in pursuing a community service effort. The students were present to: (1) ask permission to undertake a community service project to help students "recognize community responsibility," and (2) ask the board for any suggestions.

The board granted permission to undertake the project and laughed at the irony of the timing for this request. Just last week, the board had discussed who could be asked to assist in cleaning out the Town Hall basement. As if in answer to the board's request, the students and Mr. Egan agreed to tackle the cellar as a project. Mr. Egan informed the board that the school could possibly complete more than one project.

Selectman Chamberlain mentioned that the cellar would probably not be a full-day's work and there was also a small (10 x 10) area in the attic which contains books and holiday decorations that could be cleaned out and organized as well. Chairman Hawkes and the other Selectmen were extremely pleased with this idea and will be hearing from Mr. Egan in the near future.

The final appointment of the night was with

Shirley Bourque, a member of the Rochester School Committee. The Finance Committee (FinCom), along with the School Committee, is seeking some capital improvements for ORR High School. Some of the recommended improvements include:

- Paving the roads surrounding the school;
- Expanding the Nurse's office;
- Repairing the auditorium;
- Upgrading the science classrooms;
- Relocating the tennis courts and adding some other athletic fields and equipment.

Most of the items on the list were acceptable except for the renovation of the tennis courts, which had an estimated cost of $240,000. According to FinCom Chairman Pat Ryan, it was an "error" to put the tennis court where it is currently located. After the court was built the land settled and the court surface cracked. The board, as well as those present at the meeting, felt that the $240,000 tennis court was unlikely to pass Town Meeting.

"I think if you leave (the tennis court) on, you're going to lose everything," Ms. Ryan said. The suggestions from the residents present led to the board's scheduling a tour of the ORR High School building to look at the suggested improvements and their estimated costs.

Under incoming correspondence for the week, the board received:

• August payment from SEMASS in the amount of $174,859.92;

• A memo from Town Accountant Claudette Coutu regarding employees whose hours and/or rate of pay changes temporarily during holiday, vacation or sick time. Ms. Coutu informed the board that there is a contradiction between what is done and what is in the employee handbook. The board decided to hold off on this issue and take it up under the Personnel Board;

• Bids for a riser on the Town Hall septic tank. The board unanimously voted to award the bid to Max Lawrence for $425;

• A letter informing them that SEMASS was recently honored by the Ecological Society of America;

• Notice of a public presentation regarding the commuter rail system at the Wareham Town Hall Cafeteria on Thursday, September 26;

• Notice of the Rochester Cable Television Committee's next meeting slated for Wednesday, October 9.

The board also unanimously approved and signed a voucher for $950 for Beaulieu's Oil Burner Service.

Under Old Business, Selectman Cutler asked about where the board stands regarding Mayflower Woods. The board has not received any news from the Planning Board, but agreed to contact them because time is running out.

Dennis Santoro sent the board a letter regarding rules for the Highway Department and recent problems he had with some of the department's employees. The board members concluded that the rules were made by the Highway Department, and although some of the employees are "curt," there is not much the board can do except send a letter to Mr. Santoro informing him that the

matter had been discussed. A copy of this letter will also be forwarded to Highway Surveyor Jeff Eldridge, who will be asked to respond to Mr. Santoro's letter as well.

Selectman Cutler and Chairman Hawkes conducted a tour of the Highway Department (or Town Barn) on Saturday, September 21 in response to a complaint from David Watling last week. The dumpster from SEMASS has been removed and the place has been organized and cleaned up, according to Chairman Hawkes. However, Selectman Cutler mentioned the facility still needs to be addressed with the Master Plan Committee.

The board selected Police Chief Walter Denham to serve as the liaison person to oversee the organizing and/or disposing of Town Hall records.

Under New Business, Selectman Cutler reminded his fellow board members that the evaluation for Town Counsels Kopelman and Paige needs to be filled out and returned as soon as possible, even if "everyone is as happy as clams" with the service provided.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 8:47 pm.

Animal Advice

Jay Gould, DVM

PARASITES

I see these small worms under my cat's tail. What are they?

There are two types of intestinal parasites which are large enough to be visible to the naked eye, tapeworms and roundworms. Tapeworms are off-white in color and are usually the size of a grain of rice. They are spread to your pet by fleas. Another type of tapeworm is long, flat and somewhat serrated in appearance. Roundworms are common in kittens and puppies and look like spaghetti. See your veterinarian when you find worms and describe your findings. Often tapeworm eggs do not show up on routine fecal tests.

The Cougar squad will be led by head coach **Kevin Gonsalves** and tri-captains **Christopher Taylor**, **Richard Saucier**, and **Joshua Gerard**.

What Do Your Children Have in Common with P.T. Barnum?

A lot -- if your children have a free and independent spirit like he had. A lot -- if you want your children to explore the many religious paths to truth, not just one. A lot -- if you're the kind of parent who wants your children to grow up knowing a richly diverse group of people.

At the First Unitarian Church of New Bedford, Eighth and Union Street, we believe:

That each and every person is important,

That all people should be treated fairly,

That churches should be places where people learn from each other,

That each and every person must be free to search for what is true and right in life,

That everyone should have a vote about the things that concern them,

That we should all work for a peaceful, fair and free world,

That we must all care for our planet Earth.

Sunday services and church school are at 11:00am. For more information call Religious Education Coordinator Laurie Audette Costa at **993-5950** or the Church Office at **994-9686.**

Old Colony Voke

The Special Needs Parents Advisory Council at Old Colony Regional Vocational Technical High School is extending an invitation to parents of Special Needs students attending Old Colony to join our Council. The council plays an active capacity through scheduled meetings held at the school. More information may be obtained by contacting Patricia Foskett, Special Service Coordinator at 763-8011, extension 40.

SOC

Old Colony's Success Oriented Classroom (SOC), a team taught inclusion model is entering its fourth year of operation. This model emphasizes teaching students "how to learn" rather than "what to learn." It is an alternative to traditional methods of demonstrating skills mastery. Grades are earned through accumulating points versus the traditional grade averaging. SOC fosters the smooth transition of special needs students into regular education classes, while addressing the difficulties experienced by diverse learners. The SOC English and Literature classes are co-taught by Ms. Despres, an English teacher and Mrs. Walker, a Special Needs teacher. The SOC government class is co-taught by Mr. Cabral, a government teacher, and Mrs. Nunes, a Special Needs teacher. A pamphlet explaining the purpose and framework of the SOC, developed by Ms. Green, is being updated and will be available by late Fall. To obtain a pamphlet contact Ms. Green at 763-8011.

workshop will be held on Wednesday, October 9 from 6:30 pm to 8:00 pm at the library.

Entitled "Educaton Funding 101," the informational workshop is designed to help parents with children of all ages understand the issues involved in paying for college tuition.

Parents of younger children (even infants) are especially encouraged to attend. Given the rapid rise in tuition costs, the earlier parents begin saving for college, the less the impact will likely be on the family budget. In the past 10 years, college costs have been rising at a rate of about 6 percent a year, twice the current inflation rate, and many experts predict the trend will continue. However, parents of children in junior and senior high school will find the seminar equally as helpful, especially if they have saved little thus far toward their children's college expenses. Topics will include the various costs associated with a college education and the effect of inflation on those costs, responsible funding options for college expenses, savings plans, how financial aid is figured, tax-saving opportunities, and identifying funds parents may already have which can be applied for college expenses.

The workshop is being facilitated by Peter McDonald, an account representative for Waddell

Adoptable Animals

The great news from Animal Umbrella this week is that two of our so deserving moms were adopted into caring homes. These cats were rescued with their kittens from precarious situations. Their babies were adopted--the adults spayed--just waiting for someone to give them a chance. Along with the black angora and calico adults many kittens were also adopted from Agway on Saturday. This Sunday, September 29th there will be many more awaiting adoption during Kitty Day at Denise's Pet Care Center in Mattapoisett. The adults include a gray and tan short hair calico who is very sweet and petite, a Himalayan cross with slate blue eyes and two brown short hair tigers (one who is very timid and needs a very special placement). All adults are spayed and vaccinated--some have even been tested for feline leukemia. A new listing this week is a gorgeous 20 lb black and white long hair neutered male. He would prefer to be the only cat and be

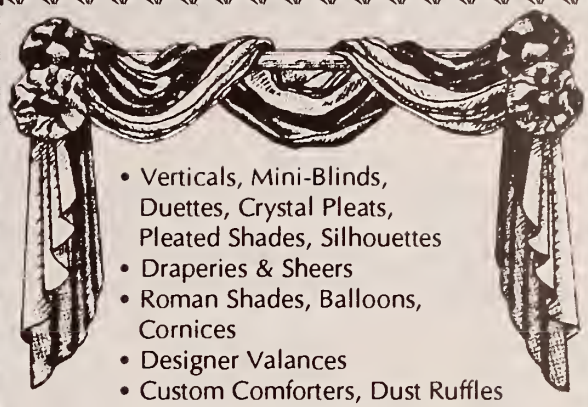
After School Program Workshops Sought

In the past, Center School has offered an After School Enrichment Program for students. This program was developed as a result of the expressed desire by many parents to have more enrichment activities available to students after school. In the past they have included arts and crafts, sewing, quilting, computer workshops, drama, drawing, baton twirling, soccer, clay, writing, and introduction to foreign languages.

Last year we were unable to offer this program due to a lack of workshop leaders. We would like to be able to offer this program this year. Each activity meets for one hour a week, usually on a Tuesday, Wednesday or Thursday, immediately after bus dismissal. In order to offer this program,



- Verticals, Mini-Blinds, Duettes, Crystal Pleats, Pleated Shades, Silhouettes
- Draperies & Sheers
- Roman Shades, Balloons, Cornices
- Designer Valances

Marion Art Center

An exhibition of recent paintings by Laura Fayer-Evans opens at the Marion Art Center on Sunday, September 29th with a reception to meet the artist from 4:00 pm to 6:00 pm. The title of the show, "Borderline Nature," describes a series of paintings which highlights her continuing exploration of scientific discovery and the union of art with the vital process of nature. The oil and mixed media paintings are striking for their rich colors, juicy textures and quirky biological references. Her painting "Severed Limbs" presents an irregular pattern of abstracted crab claws which are at once graceful and primitive. Fayer-Evans has been included in numerous group shows in the Boston-Provincetown area. She has studied at Harvard University and the Boston Museum School, and served an apprenticeship at the Printmaking Workshop in New York City. The one-woman show will be on display September 27th to October 23rd. Gallery hours are Tuesday through Friday, 1:00 pm to 5:00 pm and Saturday, 10:00 am to 2:00 pm. Admission is free.

The next exhibition will be the Annual Members Show, opening on October 25th. Membership in the Marion Art Center is open to the public. All members in good standing are eligible to

Hill's *Last Man* is nothing but a fistful of dust and dissolves

BY ROB GONSALVES

• *Last Man Standing*. **Starring Bruce Willis, Bruce Dern, and Christopher Walken. Directed by Walter Hill. Running time: 103 minutes. MPAA rating: R. At Cinema 140 in New Bedford.**

Last Man Standing is not the ideal movie to see when you have a cold. You stare at the dust, and the light shining through the dust, and then the men in hats walking through the dusty light, and you wonder if this is a style or a Robitussin hallucination. The film is also big on dissolves, which usually denote the passage of time; here they're used constantly, often within the same scene. Between the dust and the dissolves, you don't need a cold to feel drowsy and stuffed up at this movie.

Writer-director Walter Hill *(48 Hrs., Wild Bill)*, a veteran stylist and macho mythologist, borrows a story that has served two masters of epic action: Akira Kurosawa *(Yojimbo)* and Sergio Leone *(A Fistful of Dollars)*. Hill's grainy images and snail's pace suggest that he's aiming for an instant classic to be shelved alongside those two greats. What he ends up with looks (and moves) a lot like *Heaven's Gate*, with frequent quotes from a contemporary action master, John Woo.

Bruce Willis clicks into monosyllabic mode as John Smith, a mysterious hired gun who drives into the dead-end border town of Jericho looking for a place to lie low. Instead, he lands in the middle of a shaky truce between two rival gangs — the Italian Strozzis and the Irish Doyles, who each want Smith to help run their bootleg booze and rub out the opposing gang. Smith's plan is to play both sides against the middle until he is, as advertised, the last man standing.

This story worked well with Toshiro Mifune and Clint Eastwood, and yet it does not work with Bruce Willis, who has shown greater range than either of those effective but limited stars. Why? Perhaps because Hill has directed Willis to submerge his personality in tribute to the laconic icons Mifune and Eastwood. But a laconic Bruce Willis is less iconic than bionic.

Hill tries to spice up the movie with such dependable eccentrics as Bruce Dern (as a sheriff), David Patrick Kelly (as the Doyle gang's leader), William Sanderson (as a bartender), and Christopher Walken (as a spooky gunman). But Hill drowns them in trite tough-guy dialogue, and Willis himself labors under needless hard-boiled narration that obscures the film's one striking element: the score by Ry Cooder, whose work has graced some of Hill's best movies (*Southern Comfort*, especially).

And if you're looking for decent female characters, keep looking. That's to be expected from Hill, who here deals us two stereotypes from the usual sexist deck: the innocent who must be saved (Karina Lombard) and the whore who must be punished (Alexandra Powers). Judging from what happens to the whore, I'd say Hill has taken a page (and an ear) from Quentin Tarantino, who will probably gush that this is "a great movie."

It isn't. Oh, how it wants to be. But this is an airless and humorless dud — a folly that only a gifted director could have made. The film chokes to death on Walter Hill's dusty artistry. Didn't he know that *Last Man Standing* was already made a few years ago, faster and funnier and *much* cheaper, by Robert Rodriguez? It's called *El Mariachi*, Walter. Rent it and weep.

This Week's Horoscope

by Linda Black

Weekly Tip: The sun's in Libra — excellent for reading and writing. Libras love words. The words will bubble forth like a fountain.

Aries (March 21-April 19). Things could get kind of expensive. Scrimp wherever possible. You'll learn easily, so cram your brain full of stuff.

Taurus (April 20-May 20). You may run into a hassle with your friend. If money's involved, you'll have time to work it out. Expenses are due.

Gemini (May 21-June 21). Scramble to finish an overdue assignment. Launch new projects. Research papers and creative writing will go very well.

Cancer (June 22-July 22). A confusing situation could lead to a lasting friendship. Paperwork's got you pinned down. You'll be very busy so you'll have to juggle.

Leo (July 23-Aug. 22). Take careful notes — your supervisor means business. Don't bother to argue, either. Join clubs and form teams.

Virgo (Aug. 23-Sept. 22). Make a solid decision. Changes interrupt your schedule and really get annoying. More effort is required to get everything done on time.

Libra (Sept. 23-Oct. 23). You can find the money, if you know where to look. Start all kinds of writing projects; you'll be full of good ideas.

Scorpio (Oct. 24-Nov. 21). Build a solid foundation. Whip your finances into shape. If additional paperwork is required, get a Gemini to help.

Sagittarius (Nov. 22-Dec. 21). The competition's fierce. Midweek's a hassle, as you figure out where to get the money you need.

Capricorn (Dec. 22-Jan. 19). Include love in your plans. A commitment made now will last. Don't allow a friend's comments to distract you from the lesson to be learned.

Aquarius (Jan. 20-Feb. 18). There won't be much action, but you could get some things resolved once and for all. Submit your proposals and get started on writing up the projects.

Pisces (Feb. 19-March 20). Don't let money worries interfere with your concentration. A new friend could alleviate that stress. Make time enough for love.

If You're Having a Birthday This Week: Pay off your bills and put away more money for a secure future. Get your degree, write your novel and visit the world.

group began last spring as a follow-up to an American Cancer Society "Fresh Start" five week cessation program which was also sponsored by the Pact Program. The group did not meet on a regular basis during the summer vacation, and they want to begin meeting again this fall. Judith Coykendall, Program Director of PACT, stated "This support group is for anyone who has ever contemplated quitting. It doesn't matter if you haven't set a date to quit, everyone is welcome. People in the group are at many stages--they could have just started to think about quitting, or have quit recently, or have been smokefree for a long period of time...or have relapsed and want to try again."

The "quitters" support group will continue to meet every Thursday through the Fall as long as there is interest and a commitment to attend the meetings on a regular basis. For more information, please call Judith Coykendall at the PACT program at 748-3531. Residents of any area community are welcome. Come alone or bring a friend.

ST. JUDE'S NOVENA

May the Sacred Heart of Jesus be adored, glorified, loved and preserved throughout the world now and forever. Sacred Heart of Jesus, pray for us. St. Jude,worker of miracles, pray for us. St. Jude, help of the hopeless, pray for us. Say this prayer 9 times a day. By the 8th day your prayer will be answered. Say it for 9 days. It has never been known to fail. Publication must be promised. Thank You, St. Jude. A.J.C.

A POWERFUL PRAYER TO THE HOLY SPIRIT

Holy Spirit, you who solve all problems, who light all roads so I can attain my goals, you who give me the divine gifts to forgive and forget all evil against me, in this short prayer, to thank you for all things and confirm once again that I never want to be separated from you, even in spite of all material illusions. I wish to be with you in eternal glory, thank you for your mercy towards me and mine. The person must say this prayer for three consecutive days. After three days, the favor requested will be granted, even if it may appear difficult. This prayer must be published immediately after the favor is granted without mentioning the favor. Only your initials shall appear at the bottom. M.T.L.

A PRAYER TO THE BLESSED VIRGIN

O most beautiful flower of Mount Carmel, fruitful vine, splendor of Heaven, Blessed Mother of the Son of God. Immaculate Virgin assist me in my necessity. O Star of the Sea, help me and show me here you are my mother. O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to secure me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin pray for us who have recourse to thee (3 times). Holy Mary, I place this cause in her hands (3 times). Say this prayer for three consecutive days and then you must publish; it will be granted to you. J.M.H.

THE HOME GAME

By Virginia Truax

MONEY SAVER: Want to reduce water use when flushing the toilet? Insert a plastic bottle filled with water and a little gravel to weigh it down. Do not use a brick! It could dissolve slightly and clog the siphon jets.

FINAL JUDGMENT: How to judge a ripe watermelon? Choose one that is yellow on the bottom, heavy for its size and nicely rounded.

SALVAGE OPERATION: You can rejuvenate those old apples in the hydrator for use in salads or for cooking. Just cut them into pieces and sprinkle them with apple cider.

NEAT AND TIDY: Dripping salad oil or syrup bottles need plastic lids underneath to keep shelves from becoming sticky. So save a few coffee can or margarine tops and put them to good use.

DOUBLE YOUR SPACE: Need more space in your picnic basket or cooler? Place a cake rack on top of the bottom layer of food; now you have a shelf for more food.

RING REMOVER: If your table has a shellac finish, you can usually remove white rings caused by wet glasses. Gently rub some toothpaste over the spot with the tip of your finger. But, for best results, do it as soon as possible.

SHARP AS A TACK: Ever think of using your potato peeler to sharpen pencils — those on your desk as well as those in your cosmetic box? But watch your fingers!

Harbormaster Steve Mach presented plans for a proposed marina to be located to the west and perpendicular to the existing Mello Wharf at the Town Landing. The project provides a 140 foot pier with spaces for 11 large power boats, dinghy float and walkway on the north side of the new pier. Coast Line Engineering has been retained by the Town to do the required engineering.

The Massachusetts Department of Environmental Protection, Waterways Department, has requested abutters to comment on the project prior to issuing the required license for construction. The Mattapoisett Land Trust owns and makes available for public use the property which is one of the few pieces left allowing waterfront access to all, and the view of the harbor from Water Street would be affected by the proposed marina project.

The Directors of the Mattapoisett Land Trust feel this significant change in the waterfront should be carefully studied not only because of the cost, but also because of potential impacts on the entire environment west of the Mello pier. Public comment is earnestly desired. Address the Mattapoisett Land Trust at P.O. Box 31, Mattapoisett 02739.
